

Literacy

We will be finishing off our writing assessments during the first few weeks of the term and these shall focus on a variety of different topics and genres.

Although SATS are over, we still encourage your children to continue reading at home in order to broaden their vocabulary.

Maths

In preparation for year seven, in Maths, we will be working on a transition unit.

This unit has the focus of algebra and problem solving skills that will help us deepen our mathematics learning. These lessons will be more fun and interactive, as well as incorporating calculator skills. During this time, please continue practicing timetables at home, as this will still help hugely in Secondary School!

Art

We are going to create detailed sketches of the animals found on the Galapagos Islands such as Finches and Turtles, just as Darwin would have during his investigations into evolution.

Darwin's Delights

History

We will be investigating Charles Darwin, his adventures and theories that led to the scientific changes and understandings that we have today regarding how our species has developed.

Science

We will be investigating evolution, discussing the process over time, how and why we evolve.

This will impact upon our geography to see how evolution has developed the world around us.

P.E

Mr Parkin will continue to lead PE sessions for Year 6, and with some good luck, the weather will hold and we can get outside. Please bring both indoor and outdoor PE kit.

(Black/blue shorts, white t-shirt and trainers; tracksuit bottoms for outside.

Roots of Empathy

Our Roots of Empathy topic will be ending this term. We will be learning about the final developmental stages and hosting a 'Baby Party' for Connor, to celebrate his time with us.

Y6 Summer Term 2

Newsletter

Welcome back to our final half term in Year 6 and of course at Kingfisher Primary.

We would like to thank everyone for their support with revision and the fantastic effort everyone put into SATs.

During this half term, we will be supporting children in their transition to secondary school (please see dates opposite). We continue to encourage the children to complete and return their homework, which will be in their pink book.

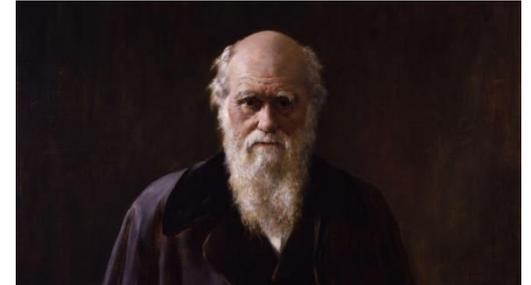

PE

Class 13's PE will be on a **Wednesday morning** and a **Friday Morning**.

Class 14's PE will be on a **Wednesday morning** and a **Friday Morning**.

Appropriate kits are expected to be in school on these days as both are important and enjoyable parts of the curriculum.

REMINDER: Children's P.E. kits **should consist of blue or black shorts**, a white t-shirt and trainers or pumps. Tracksuit bottoms are optional during colder weather.
