

English

This term we will be continuing with our topic of Jumanji and will be writing a survival guide to ensure the danger of the game. From there, continuing on from our last topic of rainforests, we will be writing a narrative based on the Iceland advert regarding palm oil. We know that the children have really enjoyed this topic and are excited to see this immersion in our creative writing! Finally, at the end of the half term we shall be writing a persuasive letter to Greenpeace.

Maths

We will be continuing to work through our core concepts in Maths to ensure your children have all the key skills ready for secondary school. This half term we shall be revisiting algebra, which we know the children found challenging during remote learning, as well as area and perimeter.

RE

Our RE day will allow us to focus and learn about creation stories, different places of worship and the diversity of different religions and cultures in Doncaster; being able to understand and reflect upon this.

Geography

We will be looking at the key countries that refugees come from and where the largest camps are located; placing them on a world map and comparing them.

PSHE

Relationships
Changing Me

History

We will be having a 'Decades Theme Day' based on looking at changes in Britain from the 1930s to present. We will be seeing how fashions, music and technology has changed over time.

Refugees

Science

This term we shall be covering the topic of light and will be investigating how light travels and reflects off objects into the human eye. We will also be looking into the working of the eye and how its structure allows for us to see.

This term we will be learning to be compassionate global citizens. We will look at the refugee crisis globally and reflect upon common opinions and how the world needs to change.

P4C

This topic lends itself for us to expand our Philosophy sessions in school to consider global politics and varied viewpoints. We shall be considering different perspectives and how the choices of those in power affects others.

PE

PE will continue to be delivered by our sports coach/ class teacher. Children should ensure they have their PE kit in school **EVERYDAY**. This **MUST** be blue or black shorts, white t-shirt and trainers. Tracksuit bottoms are optional for outside PE. We will be doing netball next half term.

Y6 Summer Newsletter

We hope that you have all come back after Easter refreshed and ready for this half term.

This half term we will be focusing on our topic of refugees and hope to be able to fully immerse and understand this crisis, as well as relate it to previous learning about migration in Year 5. We will be having a talk from Greenpeace this half term and will be starting our DT project on creating gift hampers as well as planning a historical theme day and a Year 6 production! All of which will be very exciting!

During the summer term we will continue to support your children in preparing for their transition to secondary school. We thank you for your support and are extremely happy with how everyone is progressing.

Tutoring

You will have received a letter regarding after-school tutoring once per week for your child. This will be extremely beneficial in supporting their learning and progress. Please try to ensure that your child attends tutoring sessions as frequently as possible for it to have the greatest impact.

Important dates for your diary:

12.04.2021 - School reopens
03.05.2021 - May Bank Holiday
12.05.2021 - Greenpeace talk 10am
28.05.2021 - End of Term
