

Literacy

In Literacy we will be developing our recount skills. We have an immersion day planned with 'Scotty's Heroes' where the children will be completing Bear Grylls survival skills. We will then move onto an explanation text on how to survive an Earthquake using a Bear Grylls story as stimulus.

PE

This half term we will be learning about strike, field and catch in PE. Within this sequence the children will develop their skills for playing contact sports.

PE Day – Wednesday afternoons

Please send children with their kit on a Monday and it can remain in school until Friday in case an additional PE session is added.

Reading

Please read at home as much as you can to develop the children's love of reading. Books can be returned daily if your child has read. They will be asked questions about their book by an adult in school to consolidate their reading.

Year 2 Summer 1

Science

This half term, the children will be looking at materials. The children will understand how materials are used for different purposes. The children will carry out an experiment on 'which material is the best for waterproof.'

Extreme Weather

Spellings/Home

learning – Spellings and reading books will be sent home weekly. Please could you practise reading and spellings with your child as often as possible- Thank you.

ICT –

Over this half term the children will be learning skills for effective searching when researching.

Maths

This half term we will be developing our understanding on time, especially o'clock, half past, quarter past/quarter too and telling the time in increments of 5. We will then move onto shape, looking at 2D and 3D shape. We will then move onto position and direction.

History/Geography

In History, we will be learning and researching about the Royal Family. We will look at the British Monarchs from 1901 to present.

In Geography, we will be learning about the equator, the northern and southern hemisphere and how weather is affected close to these.

Art/DI

In Art, we will be focusing on the skills. We will be using watercolours to create a weather painting. We will also explore the use of dip dye and printing to create different artwork.
