Why is attendance important?

Research shows that pupils with high levels of school attendance are more likely to benefit from education, achieve better exam results, and go on to have more successful careers.

Regular Attendance
Regular attendance means your child can make the most of their education, improving their chances in an adult life. School will also help your child's social skills, such as making and keeping friendships.

Poor Attendance
Irregular or poor attendance at school leads to pupils underachieving and underperforming in their learning. As well as academically, it can also affect them socially and emotionally.

Could you be a Parent Governor for Kingfisher Primary?

School governing boards are one of the largest volunteer groups in the country. Their main responsibilities are to support the Principal, and Senior Leadership Team at a strategic level support policies and targets for achieving the schools aims / objectives and to develop an understanding of the monitoring and evaluation of the progress the school is making towards achieving these. All governors attend the full governing board meetings that take place twice per term.

Each governor also has a link governor role, which means they take a lead on understanding a particular area of the school improvement plan to ensure it is progressing as expected.

We are currently looking to elect a Parent Governor here at Kingfisher. If you are interested in joining and feel you have the skills/knowledge/experience that will contribute to the Governing body, then please contact the school office who can provide you with an information pack and discuss next steps.
