

## Literacy

In Literacy we are building on the skills following from Year 2. The children will be using the stimulus 'Here we are' and 'The yellow balloon' books to create 2 different setting descriptions to describe the world in the book and then contrast of the world with the effects of pollution. The children will then create their own Haiku poem on pollution.

## PE

This half term we will be focusing on Ball Skills.

## PE Day – Monday

Please send children with their kit on a Monday and it can remain in school until Friday in case an additional PE session is added.

## Reading

Please read at home as much as you can to develop the children's love of reading. Books can be returned daily if your child has read. They will be asked questions about their book by an adult in school to consolidate their reading.

## Spellings

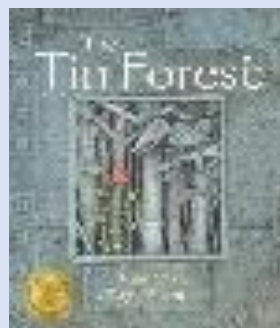

Spelling Books will be sent home weekly.

# Year 3 Autumn Term

## Science

Over the Autumn term we will focus on 3 different areas of science, Animals Including humans, rocks and Plants – specifically looking at life cycles. We will be focusing on the scientist, Mary Anning.

# Pollution

## Maths

In the autumn term we will be focusing on addition and subtraction and Measure – specifically length and perimeter. We will also be consolidating our understanding on place value and geometry.

## History

Our history this half term will be focusing on Ancient Egypt. The children will be looking at what life was like in Ancient Egypt, what they believed in, why some people were mummified as well as looking at important people such as Tutankhamun.

## Geography

Through geography we will be learning about rivers. Local rivers such as the River Don to rivers in the wider world such as the Amazon river.

## Art/DT

In Art, we will be focusing on sculpture and painting where we will create a collaborative coral reef with a painted background and then focusing on textiles using the technique of weaving to create underwater art.

For DT we will be using levers and linkages to create a moving sea creature.

## ICT –

We will be focusing on coding, online safety and spreadsheets and how these can be used in the wider curriculum.
