

## Literacy

In Literacy we will be looking at the text 'Traction Man'. The children will first be able to retell the story and then, using the skills they have been developing, be able to change elements of the story to produce their own version.

## PE

This half term we will be learning about striking and fielding.

### PE Day – Friday Morning

Please send children with their kit on a Monday and it can remain in school until Friday in case an additional PE session is added.

## Reading

Please read at home as much as you can to develop the children's love of reading. Books can be returned daily if your child has read. They will be asked questions about their book by an adult in school to consolidate their reading and understanding.

# Year 2 Summer 2

## Science

This half term, the children will be looking at deciduous and evergreen trees. We will be learning about the characteristics of both types of trees, before creating drawings to show the lifecycle of different trees throughout the seasons.

# Weather Patterns

## Spellings/Home

learning – Spellings and reading books will be sent home weekly. Please could you practise reading and spellings with your child as often as possible- Thank you.

## ICT –

This half term, we will be bringing music into our Computing lessons, using 'Chrome Music Labs' to create music on the computers.

## Maths

This half term we will be developing our understanding of place value and addition using written methods. We will then be applying this understanding to help us solve word problems.

## History/Geography

In History, we will be continuing to learn about the Tudors. By comparing life in Tudor England to now, as well as analysing sources, we will form conclusions about what King Henry VIII was like as a King.

In Geography, we will be continuing to learn about climates. We will be exploring what the equator is and the climate of the countries located nearest and also furthest away from the equator.

## Citizenship

In Citizenship, we will be looking at tornados, including the warning signs to look out for and the destruction that they can cause. We will be reading the story of a tornado survivor and creating some top tips to survive one.
